**Law within the European Union, Human Rights**

Our workshop will begin by dealing with the sources of European Union Law. We will learn and discuss how European institutions define the normative groundwork upon which the Union is supposed to grow. Another main topic will be how and why Human Rights apply when talking about the European Union and its institutions.

The lecture is meant to be and will be interactive. Active participation and discussion is highly encouraged. We will follow a very practical approach dealing with real cases and decisions. Exemplary scopes are: freedom of speech; migration; labour mobility; Brexit; Foreign relations; criminal investigation and prosecution beyond national borders.
